#### 4.6. Deleting a Record ( Prompt with food name being deleted)

localhost:4200/main\_course

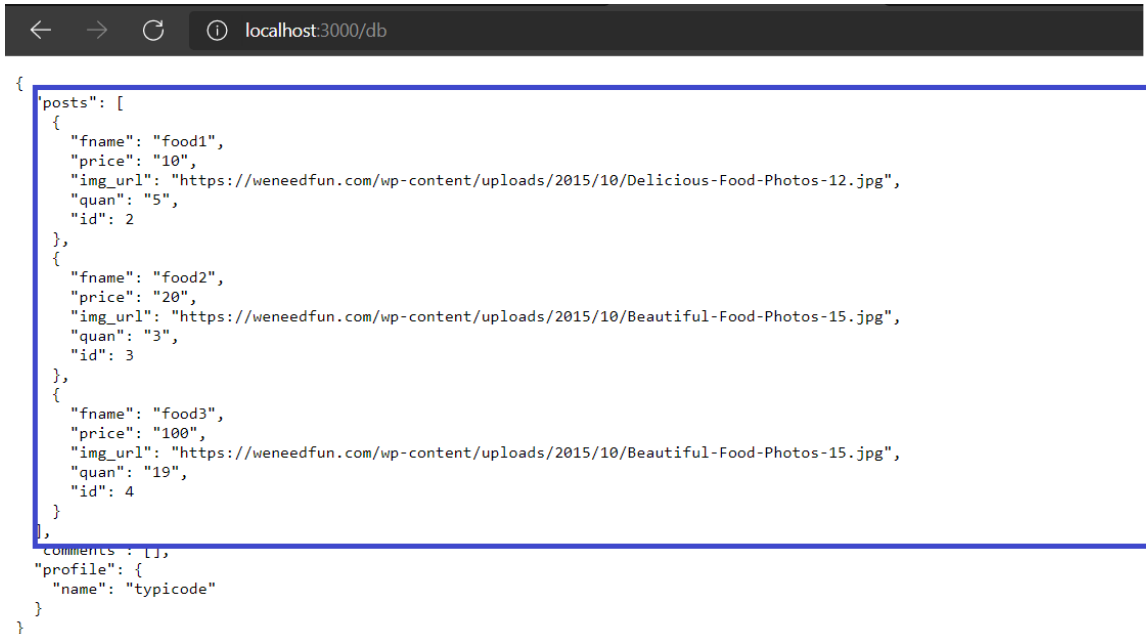

Main Course Crud

localhost:4200 says  
Food : Food4  
deleted from the records  
OK

Add Food

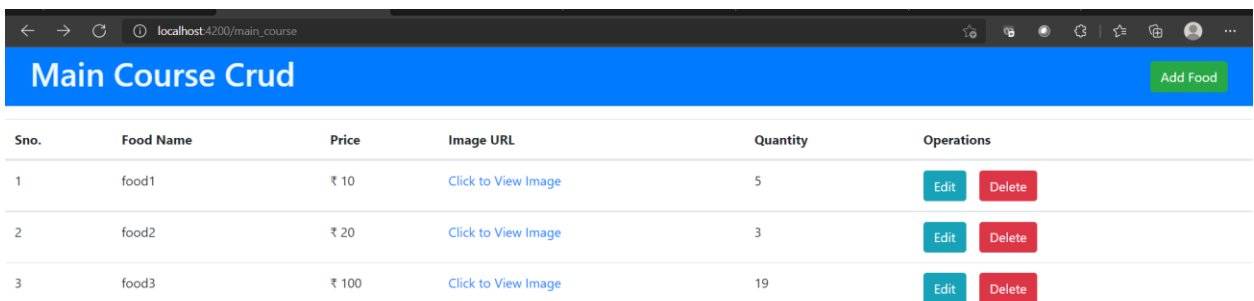

Sno.	Food Name	Price		Operations
1	food1	₹ 10	<a href="#">Click to View Image</a>	5 <a href="#">Edit</a> <a href="#">Delete</a>
2	food2	₹ 20	<a href="#">Click to View Image</a>	3 <a href="#">Edit</a> <a href="#">Delete</a>
3	food3	₹ 100	<a href="#">Click to View Image</a>	19 <a href="#">Edit</a> <a href="#">Delete</a>
4	Food4	₹ 45	<a href="#">Click to View Image</a>	7 <a href="#">Edit</a> <a href="#">Delete</a>

#### 4.7. Record deleted from DB (Highlighted in blue box)

```
{
  "posts": [
    {
      "fname": "food1",
      "price": "10",
      "img_url": "https://weneedfun.com/wp-content/uploads/2015/10/Delicious-Food-Photos-12.jpg",
      "quan": "5",
      "id": 2
    },
    {
      "fname": "food2",
      "price": "20",
      "img_url": "https://weneedfun.com/wp-content/uploads/2015/10/Beautiful-Food-Photos-15.jpg",
      "quan": "3",
      "id": 3
    },
    {
      "fname": "food3",
      "price": "100",
      "img_url": "https://weneedfun.com/wp-content/uploads/2015/10/Beautiful-Food-Photos-15.jpg",
      "quan": "19",
      "id": 4
    }
  ],
  "comments": [],
  "profile": {
    "name": "typicode"
  }
}
```

#### 4.8. And from the records

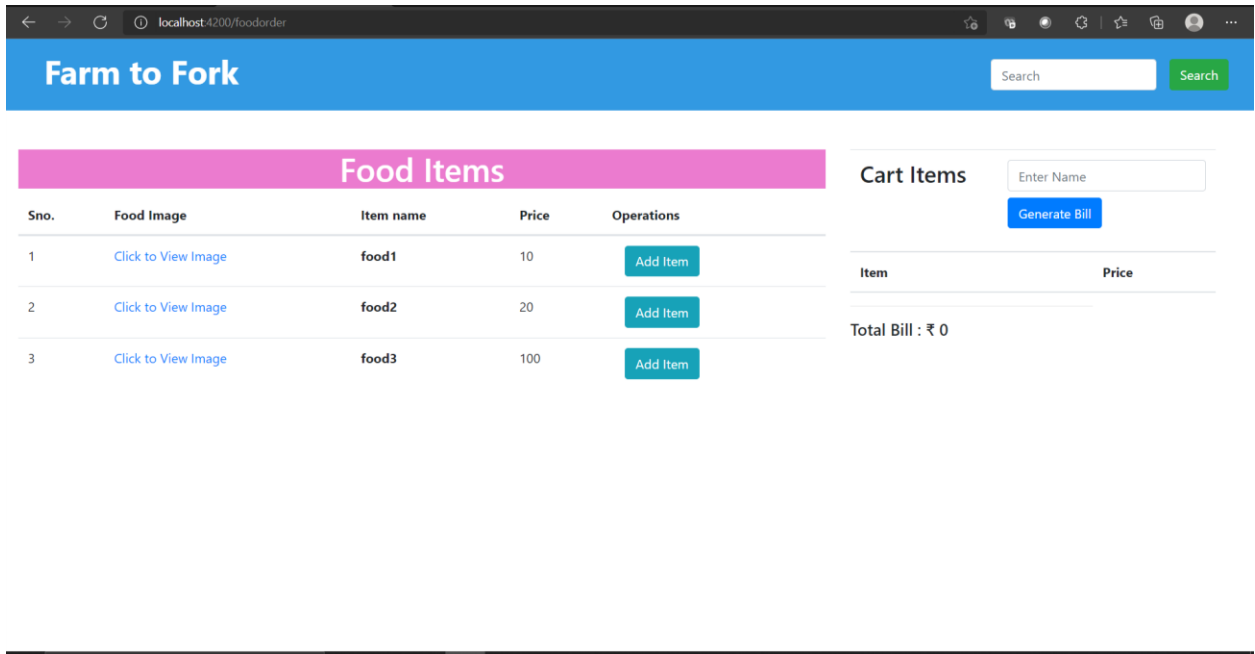

Sno.	Food Name	Price	Image URL	Quantity	Operations
1	food1	₹ 10	<a href="#">Click to View Image</a>	5	<a href="#">Edit</a> <a href="#">Delete</a>
2	food2	₹ 20	<a href="#">Click to View Image</a>	3	<a href="#">Edit</a> <a href="#">Delete</a>
3	food3	₹ 100	<a href="#">Click to View Image</a>	19	<a href="#">Edit</a> <a href="#">Delete</a>

Note : Similarly, it works same for all the food components ( fried rice, noodles etc.)

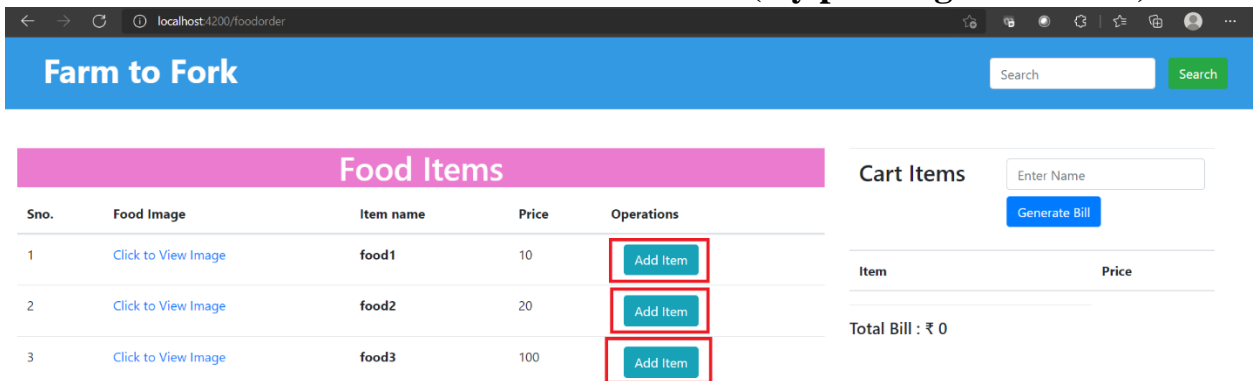

#### 4.9. Admin can logout and return to home page (as shown in red box)

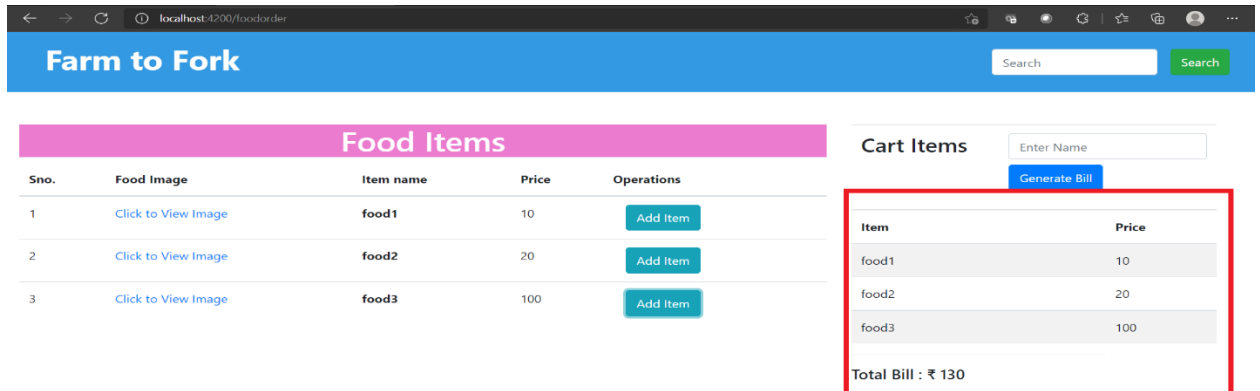

## 5. Order Page (Customer Interactions)

### 5.1. Customer can add available food to cart ( by pressing add button)

## 5.2. Selected items will appear in food cart ( as highlighted in red box)

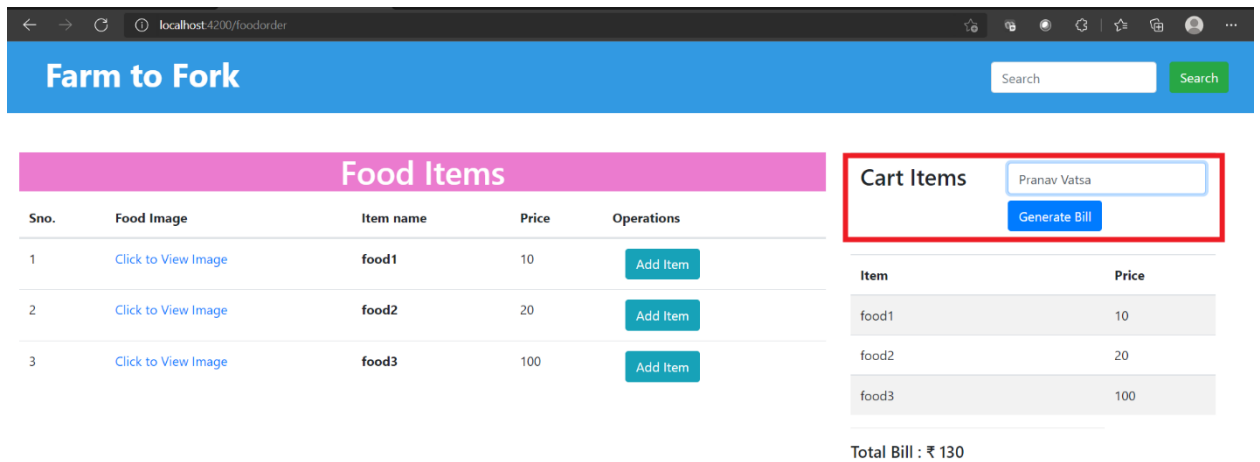

The screenshot shows the 'Farm to Fork' application interface. On the left, there is a table titled 'Food Items' with columns: Sno., Food Image, Item name, Price, and Operations. The table contains three items: food1 (price 10), food2 (price 20), and food3 (price 100). Each item has an 'Add Item' button. On the right, there is a 'Cart Items' section. It includes a search bar, a 'Generate Bill' button, and a table listing the items in the cart. The cart items table has columns 'Item' and 'Price'. It lists food1 (10), food2 (20), and food3 (100). Below the cart items table, the total bill is shown as 'Total Bill : ₹ 130'. The 'Cart Items' section is highlighted with a red box.

Sno.	Food Image	Item name	Price	Operations
1	<a href="#">Click to View Image</a>	food1	10	<a href="#">Add Item</a>
2	<a href="#">Click to View Image</a>	food2	20	<a href="#">Add Item</a>
3	<a href="#">Click to View Image</a>	food3	100	<a href="#">Add Item</a>

Item	Price
food1	10
food2	20
food3	100

Total Bill : ₹ 130

## 5.3. User needs to enter name and press the button to generate bill

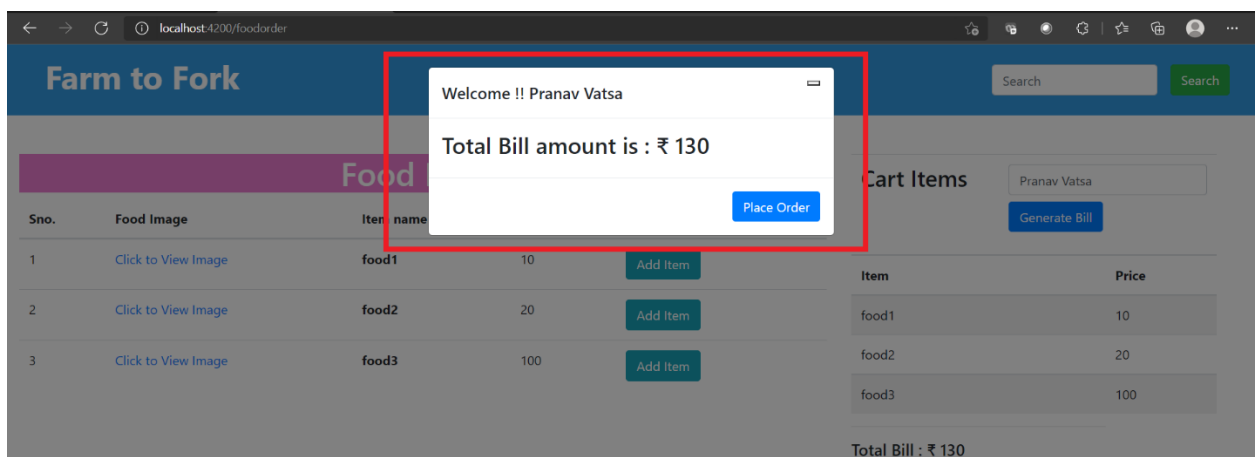

The screenshot shows the 'Farm to Fork' application interface. On the left, there is a table titled 'Food Items' with columns: Sno., Food Image, Item name, Price, and Operations. The table contains three items: food1 (price 10), food2 (price 20), and food3 (price 100). Each item has an 'Add Item' button. On the right, there is a 'Cart Items' section. It includes a search bar with the text 'Pranav Vatsa', a 'Generate Bill' button, and a table listing the items in the cart. The cart items table has columns 'Item' and 'Price'. It lists food1 (10), food2 (20), and food3 (100). Below the cart items table, the total bill is shown as 'Total Bill : ₹ 130'. The 'Cart Items' section is highlighted with a red box.

Sno.	Food Image	Item name	Price	Operations
1	<a href="#">Click to View Image</a>	food1	10	<a href="#">Add Item</a>
2	<a href="#">Click to View Image</a>	food2	20	<a href="#">Add Item</a>
3	<a href="#">Click to View Image</a>	food3	100	<a href="#">Add Item</a>

Item	Price
food1	10
food2	20
food3	100

Total Bill : ₹ 130

## 5.4. A modal will appear with the bill ( as shown in red box)

The screenshot shows the 'Farm to Fork' application interface. On the left, there is a table titled 'Food Items' with columns: Sno., Food Image, Item name, Price, and Operations. The table contains three items: food1 (price 10), food2 (price 20), and food3 (price 100). Each item has an 'Add Item' button. On the right, there is a 'Cart Items' section. It includes a search bar with the text 'Pranav Vatsa', a 'Generate Bill' button, and a table listing the items in the cart. The cart items table has columns 'Item' and 'Price'. It lists food1 (10), food2 (20), and food3 (100). Below the cart items table, the total bill is shown as 'Total Bill : ₹ 130'. A modal is displayed in the center of the screen, containing the text 'Welcome !! Pranav Vatsa' and 'Total Bill amount is : ₹ 130'. There is a 'Place Order' button in the modal. The modal is highlighted with a red box.

Sno.	Food Image	Item name	Price	Operations
1	<a href="#">Click to View Image</a>	food1	10	<a href="#">Add Item</a>
2	<a href="#">Click to View Image</a>	food2	20	<a href="#">Add Item</a>
3	<a href="#">Click to View Image</a>	food3	100	<a href="#">Add Item</a>

Item	Price
food1	10
food2	20
food3	100

Total Bill : ₹ 130

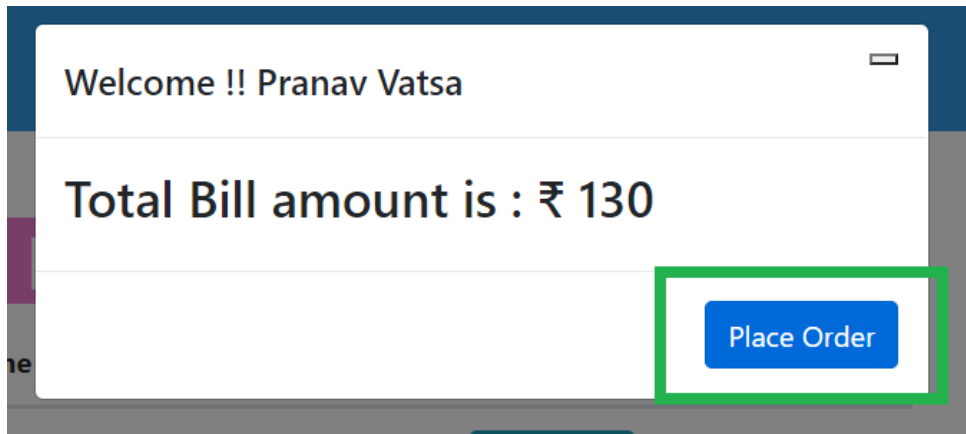

Welcome !! Pranav Vatsa

Total Bill amount is : ₹ 130

[Place Order](#)

**5.5. User needs to click the button in order to place order ( as shown in green box)**

**5.6. Second modal will appear with order status**
